

Safe Mobile Catering Solutions from Hamilton Gas Products

**QUICK
SAFE**
MOBILE GAS RIGS

The Quicksafe Mobile Gas Rig, available exclusively from Hamilton Gas Products, is a gas safety system designed to connect catering appliances directly to the pre-designed pipework. These rigs are designed to provide a safe and efficient mobile catering solution which is also fully compliant with Liquid Gas Codes of Practice 24 part 3.

The system consists of either an automatic or manual changeover gas regulator, both

incorporating an OPSO (Over Pressure Shut Off). Boasting up to 104kW the system can be used with up to 4 cylinders.

By adding a telemetry system to your Quicksafe rig you can easily monitor usage and manage gas supply remotely using the Compacti app.
